

**Welcome, I am delighted that you're considering Grace and Glory Academy for the 2021-22 school year.**

Selecting the right school for your child is a very important decision. This catalog is to serve as a resource for helping you evaluate whether our private satellite school will be a good fit for your family.

Grace and Glory began as a ministry in 2013. You will find our school body to be a faith-based community, with many young families. Our goal is to be an encouragement and accountability partner, as we help parents discover the true joy and blessings of homeschooling.

We promote education from a biblical worldview and believe that having mentors and friends along for the homeschool journey, can make all of the difference in the world...this is why we strive to offer excellent educational coaching and unique opportunities for fellowship and support. Most of all, we are passionate about raising up disciples for Christ.

I encourage you to visit our social media and download our Family Handbook online. Ask questions and seek our help. Above all, prayerfully seek God and His will for your children's school year. He is so faithful to lead and guide us always - by His grace, for His glory.
