

2022-23 School Year

Grace and Glory Academy is a non-profit, private-satellite-school, based on the foundation of Christ and a Biblical worldview. We help families home educate with ease for K-12 grades.

Since we opened in 2013, we have partnered with hundreds of parents across Southern California as they begin their homeschooling journey. We believe in supporting and empowering parents as you train up your child in the way they should go. (Prov 22:6)

For the coming 2022-23 year our goal is to **focus on the homeschooling essentials** and **cover them with excellence**, thus freeing our families and leaders to pursue whatever adventures, endeavors, and opportunities God is calling them to.

We have a brand new, automated, online school portal for legal record keeping plus an online tool chest where parents can access helpful resources for homeschool success. If you are looking for homeschool group classes in your area, we can connect you with recommended vendors.
